## **3. DESCRIPTION OF THE PROGRAMME IN SOCIAL AND CULTURAL ANTHROPOLOGY**

**Minimum length of the course:**            years

**Number of credits:** credits ( compulsory and core, optional, free-choice)

\* Credits are used as units of evaluation in teaching programmes. Each subject in the curriculum is assigned a certain number of credits. Each credit corresponds to ten hours of theoretical or practical classes or their equivalent. The award of credits is subject to the systems of the University for verifying the acquisition of knowledge.

For the University's own subjects adapted to the EHEA system, which follow the teaching methodology of the ECTS system, 25-30 hours of a student's workload are equivalent to 1 credit.

Curricula are divided into:

1. Core subjects. These are set by the Spanish Ministry of Education, and Culture, and must be included in all curricula leading to the award of the same official certificate.
2. Compulsory subjects. These areas are set by each University as an obligatory component of a student's degree course.
3. Optional subjects. These subjects are set by each University. They are included in the University's curricula and students may select from the range of subjects available.
4. Free-choice subjects. Each University includes a percentage of these areas as part of its total teaching load in each curriculum.

## **RECOMMENDED SEQUENCE OF COURSES**

### **COMPULSORY AND CORE SUBJECTS**

<b>FIRST YEAR</b>
-------------------
